innovative seating and mobility solutions

the TRANS · porter

Larger wheels available
for easier
transportability and a
more comfortable ride.

Transporter - Aesthetically appealing and semi modular design. The ergonomic frame is stylish, yet retains structural benefits incorporated in more traditional chairs. The “everyday” adaptable, durable wheelchair.

18” x 17”

Black

Removable Arms

Both small and large wheel options

Standard Attendant Propelled

Occupant Propelled available

Recommended weight capacity 220lbs.

Removable arms for easier
transfers and the ability to get
closer tables.
